# STRATAPLY

## What is Strataply?

Strataply is a job discovery and application platform that provides users with real-time updates on job opportunities and helps them easily find and apply for suitable roles.

## Problem

- It is difficult for job seekers to get proper and timely job updates
- They have to search across multiple websites, which wastes time
- Fake or outdated job postings create confusion
- There is no easy and centralized platform available

## Solution

Strataply solves these challenges by:

- Providing real-time job updates in one place
- Offering a simple and structured job browsing experience
- Helping users quickly find and apply for relevant jobs
- Reducing confusion by organizing job information clearly

## Mission

To make job searching simple, fast, and accessible by providing clear and reliable job updates to users.

## ◆ Vision

To become a trusted job platform where users can discover, track, and apply for opportunities easily in one place.

## ◆ Core Concept

Find Jobs → Apply Easily → Grow Career
